Welfare Support Withdrawn Because Woman is Gay

The Monroe County Welfare Department withdrew funds and transportation money from a Rochester woman after a welfare supervisor decided she was "sociably handicapped" due to her preference for men's clothing.

The woman was scheduled to study Drafting at Rochester Urban Center upon completion of her high school equivalency there last month. Urban Center professionals had contacted the welfare department and submitted a letter of capability recommending her as suited for a career in drafting.

Welfare supervisor Eisenberg refused the woman's request for funds to enter drafting studies, on the grounds that no one would hire her, suggesting she and her education and try to get an assembly job in a factory.

GLF has written the department of welfare protesting this blatant act of discrimination designed to keep gays "in their place." We have also arranged for letters from those responsible for hiring personnel, assuring the department the homosexuals are employable in technical capacities. Further social and legal action is planned.

Meetings are held every Sunday at 7:30 pm, Todd Union Music Lounge, University of Rochester River Campus. GLF meetings are open to everyone who believes in basic civil rights and human dignity for all.

As the bill was voted on last year, the only Rochester area As-
semblyman voting for the bill was Donald Showmaker (130th Assembly-
district). Raymond Lill, (131), Um, Richard Castor (132), and Um. Steinfeldt (134) voted
against fair employment for gays.

The bill may be mailed to the GLF
or brought to meetings.
